The New Jersey Museum of Transportation, Inc. was formed in 1963 as a 501.c (3) non-profit corporation. The Museum's mission is to preserve the history and technology of railroading, and to educate the public about the important role that railroads played in our country's past. The Pine Creek Railroad is a demonstration railway showcasing locomotives, cars, buildings and other historic artifacts in a working environment. NJMT is an independent organization, receiving no State funding or tax dollars. All income is realized from train fares, gift shop profits, patron dues, and donations.
